

KHUSHNUMA PARWEEN

Java Full Stack Developer

Ranchi, India | pkhushnuma02@gmail.com | linkedin.com/in/khushnumaparween | github.com/khushnumaparween

Professional Summary

Java Full Stack Developer with 1 year of experience building and supporting Spring Boot applications, REST APIs, and database-centric backend services. Skilled in Java, Spring Boot, Spring MVC, Spring Data JPA, Spring Security, and Hibernate, with hands-on production support experience troubleshooting incidents and resolving issues under SLA. Solid foundation in OOP, Data Structures & Algorithms, and System Design, with working knowledge of containerization and event-driven concepts (Docker, Kubernetes, Kafka).

Technical Skills

- **Languages:** Java
- **Backend:** Spring Boot, Spring MVC, Spring Data JPA, Spring Security, Hibernate, JPA, REST APIs, Microservices (fundamentals)
- **Databases:** MySQL, PostgreSQL
- **Core CS:** Data Structures & Algorithms, OOP, Design Patterns, System Design (fundamentals)
- **Tools & Practices:** Git, Postman, Maven, Production Support, Incident Management, SOP Documentation
- **Familiar With (Fundamentals):** Docker, Kubernetes, Apache Kafka

Professional Experience

Software Engineer 2025 – 2026
Cappgemini – Network Engineer, Production Support

- Provided production support for enterprise applications, troubleshooting and resolving incidents within SLA timelines across 27+ tickets daily.
- Diagnosed recurring issues in order-processing workflows, ensuring accurate handling of 32+ daily transactions for the Germany region.
- Documented root causes and resolutions in SOPs, reducing repeat incidents and speeding up onboarding for new team members.
- Coordinated with cross-functional teams to triage and escalate issues – experience now applied to writing more resilient, debuggable Spring Boot code.

Frontend & Backend Development Intern 2024
Hashed Bit Innovations

- Built and integrated React frontend components with backend services, strengthening full-stack development skills.

Software Development Intern 2024
OctaNet Services

- Assisted in feature development within an existing codebase, gaining exposure to real-world software delivery practices.

Projects

DebugMate – Spring Boot Error Analysis System *GitHub*

- Built a backend tool to analyze and classify Spring Boot exceptions (MVC, JPA, Bean, HTTP, Core) for faster debugging.
- Designed a structured error-classification system and developed REST APIs for automated error processing.

Webtoon App *GitHub*

- Developed a full-stack web platform using Spring Boot, Thymeleaf, and MySQL.
- Implemented role-based authentication and a user dashboard system using Spring Security.

CromaWave – Real-Time Chat Application *GitHub*

- Built a real-time messaging system using Spring Boot and MySQL with persistent chat history.
- Designed REST APIs to support message delivery and storage.

Education

MCA – Master of Computer Applications 2022 – 2024
Dr. Shyama Prasad Mukherjee University, Ranchi CGPA: 9.0

BCA – Bachelor of Computer Applications 2019 – 2022
St. Paul's College, Ranchi CGPA: 9.03
